

Home Theater Manual and Rules

WWW.SEATURTLEVACATION.COM

Home Theater Rules

1. Please NEVER TOUCH PROJECTOR
2. Please NEVER TOUCH SCREEN
3. Please don't move furniture and speakers
4. After watching DVD or Blu-ray movie put disc back to the same slot
5. Please never change any settings on any device
6. Please don't log out and don't use your personal Netflix account (you can use your accounts at other apps like Amazon or VUDU)
7. After watching 3D movie put 3D glasses back on a charging station and plug USB cable to the glasses

DID YOU WATCH A MOVIE YOU WOULD LIKE TO TAKE HOME???

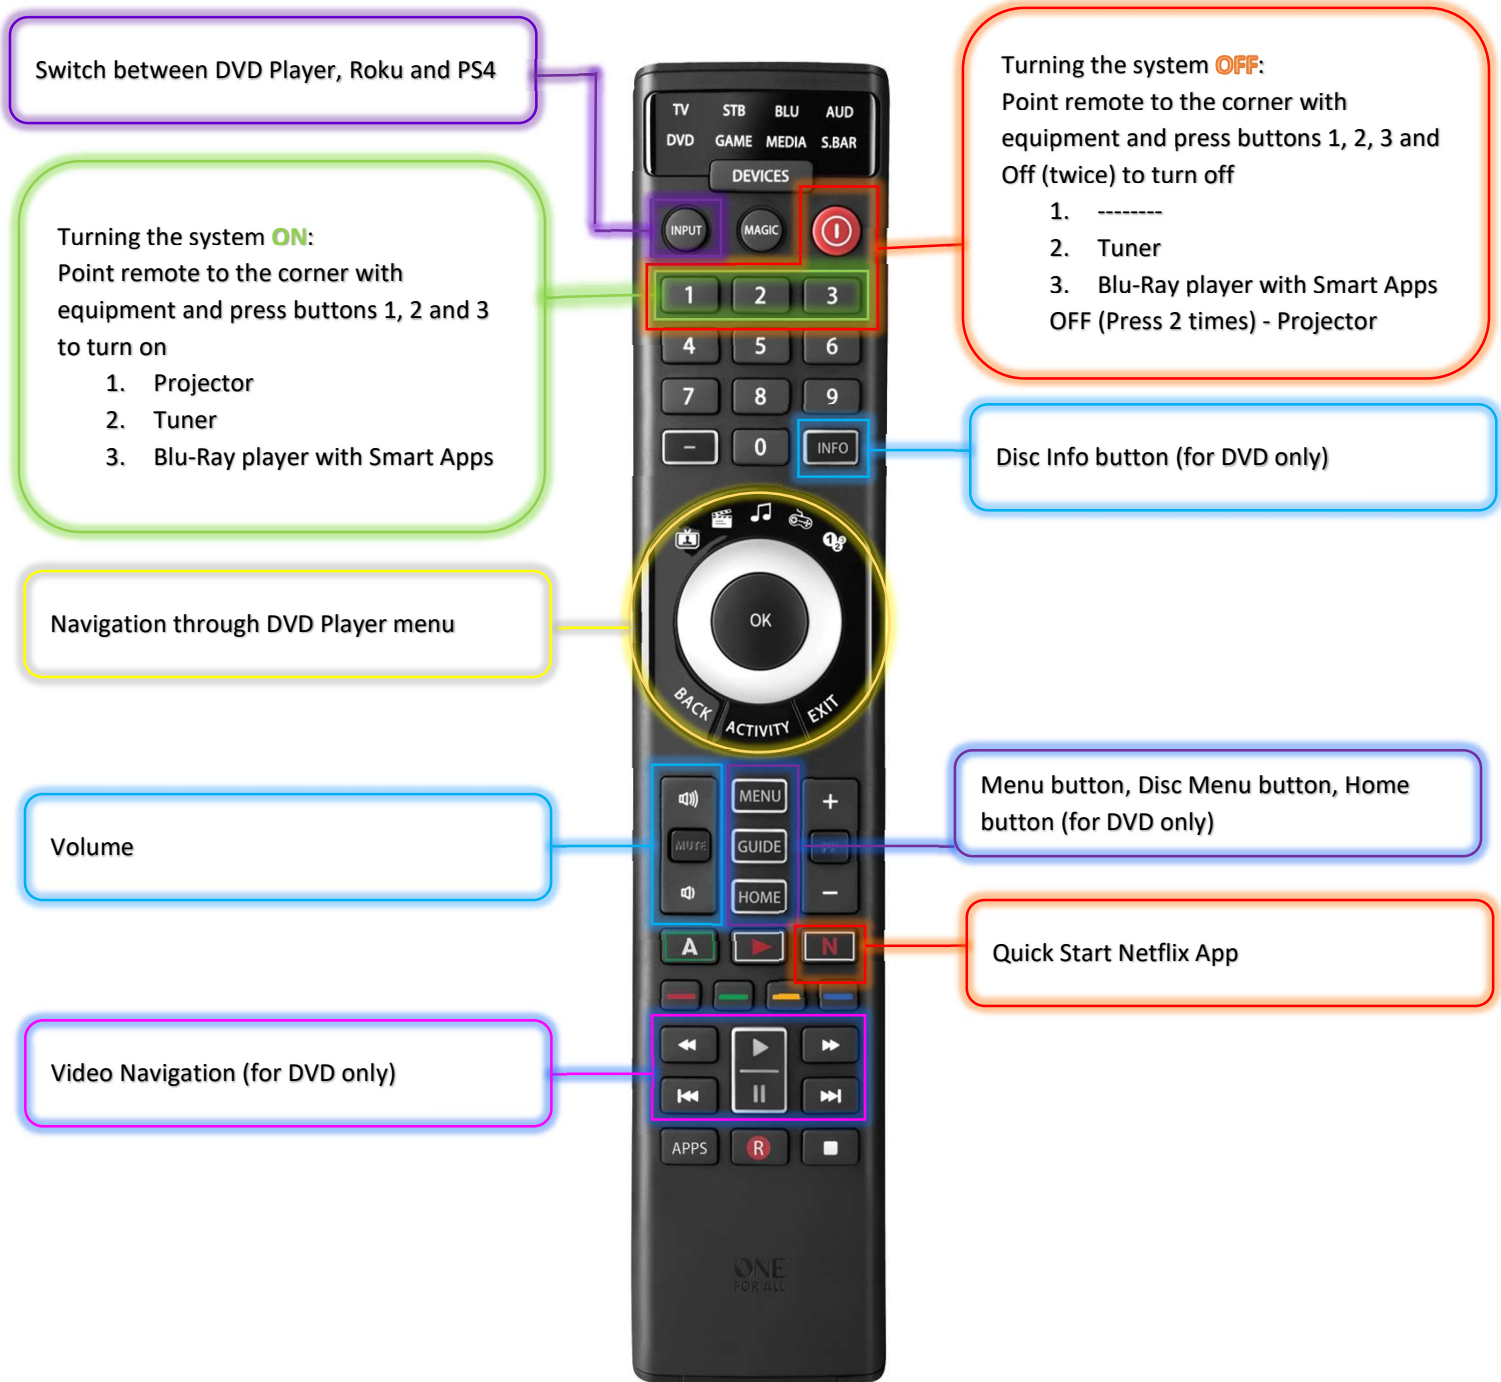

ALL OUR DVDs ARE NOW AVAILABE FOR SALE!

All DVD prices are shown on the next page. The shown price is for one disc or the full collection.

To purchase, simply take the DVD home with you, and we automatically deduct it's cost from your deposit and send you a receipt!

We hope you enjoy your Home Theater Experience!

How to Use Home Theater

Welcome to Our 3D Home Theater with PS4!

Enjoy playing your favorite videogames on PS4, watching 3D and 2D movies we provide on DVD and Blu-Ray, free movies on Netflix and Cable TV!

Easily switch between PS4, Roku device with Netflix and Cable TV (Using Spectrum App), and Blu-Ray Player.

Use SPECTRUM app on Roku to watch Cable.

How to Use Home Theater

Turn Home Theater ON

Using Universal Remote point it to the corner with equipment and press buttons in sequence:

1 2 3

Wait for about 30 Seconds and you will see Blu-Ray player's or Roku Smart menu.

Use Universal Remote to Navigate Blu-Ray Player menu and Roku remote to navigate Roku Menu.
Switch between Roku and Blu-Ray Player with **Input** button.

To watch Blu-Ray and DVD movies insert disc using **Open-Close** button on Blu-Ray player. **This button only works if player is in Home Menu.** To go to Home Menu press **Home** button on Universal remote.

Watching 3D movies

Insert 3D disc in player and put 3D glasses on. Press ON button on 3D glasses **TWICE**. You will see deep 3D picture. If 3D effect doesn't look deep, try to press ON button one or two more times or give it a little time – some discs turn 3D effect on later.

After watching 3D movie put your glasses back to the charging station and plug in charging cable. You don't need to turn them off.

Charging station is automatic and will charge glasses overnight. You don't need to turn it on.

After watching return disc to the exact place you took it from.

Playing Video Games on PlayStation 4

Press On/Off button on PS4. Press Input button on the universal remote to switch to PS4.

Turn Home Theater OFF

Using Universal Remote point it to the corner with equipment and press buttons in sequence:

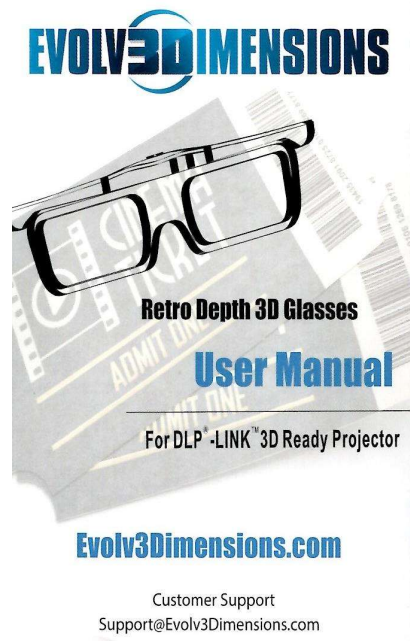

1 2 3  and again 

Note: Yes, press power button twice

TIP

If you don't see Roku menu after switching to Roku, press any buttons on Roku remote to wake Roku device up. If Blu-Ray Player is not connecting to the internet, or the menu is frozen, unplug it (on the back of the player) and plug back in.

3D Glasses Manual

Product Overview

Thank you for choosing Retro Depth 3D Glasses from Evolved Dimensions. These glasses enable you to enjoy vivid 3D images when using your DLP®-LINK™ 3D Ready Projector.

Parts and Components

No .	Name	Quantity
1	3D Glasses	1
2	Glasses Case	1
3	Cleaning Cloth	1
4	USB Cable	1
5	User Manual	1

Supported 3D Projector

DLP®-LINK™ 3D Ready Projector

Active Glasses

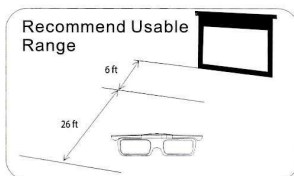

- **Sensor Receiver**
Do not block
- **ON Button**
Turn on: Press the button for 1 second. When the green light flashes, the glasses are ready to use.
Turn off: Press the button for 3 seconds. The green light will flash 3 times and the glasses will turn off.
- **L/R Switch:**
To switch between left and right eyes, push the button while glasses are synced.
- **Standby Mode:**
If the projector signal is not received for more than 5 seconds, the glasses will go into standby mode. The green light will flash every 3 seconds until the glasses are synced again.
- **Indicator Light:**

Each full charge lasts about 45 hours. The green light will flash twice every 5 seconds when the glasses need charging.
- **USB Connection:**
The light on your Retro Depth 3D Glasses will be red while charging.

Note: The Retro Depth 3D Glasses are designed to fit over most standard glasses.

3D Viewing Guidelines

- If you use your Retro Depth 3D Glasses under a fluorescent lamp (50 Hz - 60 Hz) or a 3 way lamp, you may experience some flickering on your screen. If so, dim or turn off the light.
- If the glasses lose signal due to a change in the viewing angle, turning off your projector, or turning away from the screen, your Retro Depth 3D Glasses will automatically turn off after 60 seconds.
- If the projector becomes disconnected due to either a change in viewing angle or distance from projector, the glasses will turn off automatically after 60 seconds.
- Your Retro Depth 3D Glasses may not work properly if there are other 3D products or electronic devices turned on near the glasses or projector.
- Be sure to stay within the viewing angle and optimum projector viewing distance when using your Retro Depth 3D Glasses.
- Laying on your side may cause the picture to look dark or not visible.
- Be sure to select the 3D function on your projector. Please ensure the projector is in DLP or DLP link mode. See documentation on your specific projector or TV for details.

Caution

IMPORTANT HEALTH AND SAFETY INFORMATION.
READ THE FOLLOWING WARNINGS BEFORE USING YOUR RETRO DEPTH 3D GLASSES.

- Do not use your Retro Depth 3D Glasses for other purposes such as general eyeglasses, sunglasses, or protective goggles.
- If you experience discomfort while using your glasses such as dizziness, nausea, or headaches, discontinue use until symptoms have subsided.
- Extended use may cause eye strain. If you experience eye strain, discontinue use until symptoms have subsided.
- Only use glasses while in a seated position. Using your Retro Depth 3D Glasses while walking or moving around can lead to injuries from bumping into objects, trips or falls.

Troubleshooting

If you encounter.....	Try this.....
Glasses don't work	➢ Please charge the battery if it's drained ➢ Focus your 3D glasses toward the screen ➢ Make sure that the distance between projector and your 3D glasses is less than 32 ft ➢ Check the 3D function setting of your projector
Light doesn't stop blinking	➢ The battery is drained, please charge it
